

TRI-HOSPITAL DREAM LOTTERY GRAND PRIZE AND 50/50 WINNERS ANNOUNCED

More Manitoba lives changed through lottery that supports the foundations of St. Boniface Hospital, HSC Winnipeg, and Children's Hospital-HSC Winnipeg

Thursday, July 26, 2018 (WINNIPEG, MB) - The lives of two Manitoba residents are forever changed today as the 2018 Tri-Hospital Dream Lottery announced its grand prize and 50/50 winner.

Grant Kopytko from Winnipeg, with ticket number 909446, is this year's grand prize winner. Kopytko will choose between a cash prize of \$1.2 million, or one of four luxury home or cottage packages. Richard Leach from Gimli, with ticket number 331923, is this year's 50/50 winner. The 50/50 payout was \$471,270.

The Tri-Hospital Dream Lottery supports the work of Manitoba's three largest hospital foundations: Health Sciences Centre Foundation, Children's Hospital Foundation of Manitoba, and St. Boniface Hospital Foundation.

Whether it's a family in crisis, a premature baby in need of the latest technology, an organ transplant, or a family member undergoing life-saving surgery, each year, hundreds of thousands of Manitobans depend on St. Boniface Hospital, HSC Winnipeg, and Children's Hospital-HSC Winnipeg to be there in their time of need. When you purchase a Tri-Hospital Dream Lottery ticket, you help purchase state-of-the-art equipment to treat children and adults in need of immediate specialized care. You also help fund research discoveries that could change the face of health care as we know it.

More winners to come

Every day in August, two winners will take home cash as part of the Tri-Hospital Dream Lottery's Daily Cash Calendar. Most days, winners will receive \$1,000 each. But Fridays are lucky, with two winners taking home \$3,000 each instead, and the Cash Calendar grand prize winners are luckiest of all, with two winners taking home \$25,000 each on the final day of the month.
